# SPORTS CENTER

**at Wittenberg-Birnamwood High School**

Fundraising goal:

**\$3 MILLION**

▶ *All donors to be recognized inside the new facility*

A new privately funded Sports Center, built adjacent to the Wittenberg-Birnamwood High School, will alleviate the crowding which requires high school sports teams and youth sports to practice early in the morning or late into the evening. The current sports facilities at the high school have been mostly unchanged since the building construction, years before high school girls sports existed. The district's wrestling program is particularly impacted by a lack of space at the high school.

The Sports Center will be used for youth sports practices, camps and tournaments. The completed project will also give our District's student athletes an edge as it will allow for more participation and more convenient practice times for families.

The new indoor space will serve as an attraction for those considering jobs in the area. The facility will offer a recreational space for all residents of all ages, allowing for the creation of adult sports leagues and indoor walking opportunities.

## **Project details:**

24,000 square feet

More space for district activities, including

High school sports (*volleyball, basketball, wrestling, baseball, softball, track, etc.*)

Youth sports
